

Be recognized as a brand that supports the Entertainment Arts in Education!

CORPORATE SPONSORSHIP PROGRAM

S. T. A. G. E.

BECAUSE...

Education funding is at an all time low.
Theatre Arts are particularly underfunded.
Technical theatre is often overlooked.

Yet our industry won't thrive without
professional technicians and artists!

It's time to take matters into our own hands.

What is a Guild?

A professional association where **merchants** aid the enduring practice of their craft and trade through funding self-employed **artisans**, who then impart the technology, arts or mysteries of their crafts to **apprentices and students**.

The Stage Technicians & Artists Guild for Education
