How the Group Instruction License works:

The Group rates are significantly lower per student than the Individual rates because the teacher is assisting with implementation.

This license is granted to the teacher listed for the course, number of students, and start date indicated.

The course Syllabus, Tricks, Tips and Terms page, Explanations pages, Application pages, Assignments, Assessment, and Answers page will be e-mailed directly to the teacher who will be responsible for distributing these to the students, supervising assignments as needed (some are more hands-on than others), and for correcting the assessments.

The first week's assignments will be emailed to the teacher on the Wednesday prior to the course start date.

Each subsequent week's assignments will be e-mailed to the teacher on the subsequent Wednesdays after the start of the course. Once the teacher has reported the successful completion of the course, the Certificate of Completion blank will be e-mailed to the teacher for presentation to each student.

With this License, the teacher agrees to only provide certificates to students who have successfully completed the course.

REFUND POLICY

\$10 of the course fees are non-refundable to cover processing.

100% of the remaining course fee is refundable up until midnight of the Tuesday before the start of each course.

50% of the course fee is refundable until midnight of the second Tuesday of the course (the end of Week 1).
